Important Message from Infection Control Hotline

Aspire Infection Control continues to monitor both the CDC and FL DOH for updates and recommendations regarding COVID-19. While safety remains of the utmost importance, Aspire is committed to the health and wellness of our patients and team members. Thank you for doing your part while we work through this.

Symptoms of Coronavirus 2019
Patients with COVID-19 have experienced mild to severe respiratory illness. Learn more online. Older people and people of all ages with severe underlying health conditions — like heart disease, lung disease and diabetes, for example — seem to be at higher risk of developing serious COVID-19 illness. See more guidance about caring for this population *online.*

Updated FL DOH Screening tool as of February 28, 2019

Read the updated interim guidance as of March 7, 2020 published by the CDC online

Preventing COVID-19 Spread in Communities
Protect yourself and your community from getting and spreading respiratory illnesses like coronavirus disease 2019. Everyone has a role to play in getting ready and staying healthy. Read more about every day preventative measures online

Healthcare Precautions
Healthcare personnel (HCP) are on the front lines of caring for patients with confirmed or possible infection with coronavirus disease 2019 (COVID-19) and therefore have an increased risk of exposure to this virus. HCPs can minimize their risk of exposure when caring for confirmed or possible COVID-19 patients by following CDC infection prevention and control guidelines, including use of recommended personal protective equipment (PPE). Learn more about healthcare precautions online

Learn more about the COVID-19
Learn more about the Coronavirus 2019 (COVID-19) and the preventative measures you can take. online *The risk of developing COVID-19 remains low for the general population.*

Social distancing
Social distancing measures are taken to restrict when and where people can gather to stop or slow the spread of infectious diseases. Social distancing measures include limiting large groups of people coming together, closing buildings and canceling events. Read more about Social Distancing online.
